

**UW DEPARTMENT OF PEDIATRICS**  
**LETTER OF RECOMMENDATION INSTRUCTIONS**  
**CLINICIAN-SCHOLARS | FACULTY-SCIENTISTS | RESEARCH FACULTY**  
**CLINICAL PRACTICE FACULTY**

**OBJECTIVE**

---

*To paint an overall picture of your experience, capabilities, strengths, characteristics, and professional promise from a third-person perspective.*

**GENERAL**

---

All letters of recommendation (LORs) received by the Department Chair must be included in the promotions package.

Faculty Affairs will request your Letter of Recommendation writers **following** notification of the Department Chair's decision to proceed with the promotions process (after the *Departmental Promotions Committee initial review*).

**DIVISION HEAD AND FACULTY CANDIDATE**

---

- The candidate and Division Head select potential letter writers who:
  - Are greater or equal in academic rank for which the candidate is being considered.
  - Will provide a fair evaluation of the candidate's service including how the candidate meets specific departmental guidelines for promotion. The Division Head may consider contacting the potential letter writer for their willingness to write a letter before the due date, to avoid last-minute notifications of not being able to meet the deadline.
  
- Request **no more than four (4) letters** (not including the letters from the Division Head and Department Chair).
  - **A maximum of one letter must be internal** from faculty within the Department of Pediatrics.
    - If 25% or more of the candidate's time is administrative, the internal letter must come from the person to whom the faculty member is accountable for that activity.
  - **A maximum of three letters must be external** (*i.e., from faculty outside the State of Washington*). External letters submissions must include the External Referee Form, which will be provided to the letter writer via the confidential and secure website.
    - Three external letters must be "NOTA" (None of the Above). These individuals cannot be considered as present or past colleagues, mentors, collaborators on publications, co-investigators on grants, friends, relatives, or former UW faculty members).

**DIVISION ADMINISTRATIVE STAFF**

---

1. Prepare the "Promotion Contact List LOR" spreadsheet (*note the **external reviewer** and **internal reviewer** tabs on the bottom of the Excel spreadsheet*)

- Include the name of each letter writer, degree, their title or academic rank, institution or division/department, and email address.
  - Identify the relationship to the candidate for all external letter writers – confirm the three (3) NOTA selected.
2. Submit the completed Excel spreadsheet to [UWPedsFA@seattlechildrens.org](mailto:UWPedsFA@seattlechildrens.org) no later than the requested date.

#### **FACULTY AFFAIRS TEAM**

---

1. Email requests for LORs for all candidates as soon as all necessary promotion materials are available on the confidential secure website.
2. Track requests and responses.
3. Communicate with the Division Head and faculty member if there are problems or delays to effectively coordinate and follow up on requests.
